### Hate Crime Biases

**Hate Crime:** A hate crime is a criminal offense that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim.

**Disability:** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.

**Ethnicity:** A preformed negative opinion or attitude toward a group of people whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to a grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.

**Gender:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender (e.g., male or female).

**Gender Identity:** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity (e.g., bias against transgender or gender non-conforming individuals). Gender non-conforming describes a person who does not conform to the gender-based expectations of society (e.g., a woman dressed in traditionally male clothing or a man wearing makeup). A gender non-conforming person may or may not be a lesbian, gay, bisexual, or transgender person but may be perceived as such.

**National Origin:** A preformed negative opinion or attitude toward a group of people based on their actual or perceived country of birth. This bias may be against people that have a name or accent associated with a national origin group, participate in certain customs with a national origin group, or because they are married to or associate with people of a certain national origin.

**Race:** A preformed negative attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair; facial features, etc.) genetically transmitted by descent and heredity which distinguish division of humankind (e.g., Asians, blacks or African Americans, whites).

**Religion:** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, atheists).

**Sexual Orientation:** A preformed negative opinion or attitude toward a group of persons based on their actual or perceived sexual orientation. Orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex, including lesbian, gay, bisexual, and heterosexual (straight) individuals.
