PUBLIC SAFETY ADVISORY

To keep you informed:

In recent weeks there has been an increase in reported burglaries in the surrounding area. Campus Safety and Security offers the following tips:

➢ Ensure all your windows and doors at the ground level or accessible by fire escape are secured.
➢ Prior to going to sleep or leaving your residence unattended, ensure all windows, doors and access points to your residence are secured.
➢ Ensure that the small windows in the doors or alongside them cannot be easily broken, thereby letting someone reach inside and unlock the door.
➢ Use deadbolt locks. If you have a deadbolt lock which is operated from indoors by key, do not defeat its purpose by leaving its key within reach of a window that can be smashed through from the outside.
